

Why Book Christian Havrehed?

The Viking Ocean Rower Stirring the Chinese Dragon

What Makes Christian's Talks Unique

- **Adventure with Purpose**

Christian's one-of-a-kind expeditions - from rowing across the Atlantic with a Chinese soldier to searching for the Elixir of Immortality in the East China Sea - are aligned with the UN Sustainable Development Goals and offer powerful metaphors for leadership, risk-taking, and global cooperation.

- **Sino-Western Expertise**

With 20 years in senior management roles in China and fluency in Mandarin, Christian bridges cultural divides with authenticity and humour. His talks help organizations unlock team potential and navigate cross-cultural complexity.
